1	This shouldn't even be a question. I won't renew my dues until a merger is successful. We need 1 organization with influence, not 2 with divided influence.	11/11/2016 8:17 AM
2	I don't know: some work has already been done, I'm not sure that it would require more.	11/5/2016 9:23 AM

Q2 OSPA and OSHP have continued to collaborate together on several initiatives, most notably with the Joint Legislative Committee and Oregon Pharmacy Coalition. The Board feels there may be other areas where closer collaboration might be desired by our membership or opportunities for modifying our current collaboration efforts. Please rank your agreement with collaboration in the following areas:

2	Would be great to have a couple smaller, regional meetings that were area focused as well.	11/7/2016 8:53 AM
3	It seems to me like OSHP is pretty focused to hospital pharmacy, and not sure that it would be helpful for them to expand to outside practice areas. OSPA is more general, so it makes more sense for them.	11/5/2016 9:23 AM
4	I'm not sure how valuable this is, so perhaps it needs more time to mature.	11/4/2016 3:29 PM
