

# 2017 OSPA Award Recipients

October 21, 2017 — Portland, Oregon

It is our pleasure at OSPA to announce the 2017 OSPA annual award recipients. This year's honorees are true professionals who have contributed to the practice of pharmacy in meaningful ways. Some are amazing contributors to their local community, some have had statewide impact and some have built things that set a precedent throughout the nation. Please join OSPA in congratulating the following individuals on their achievements.

## DISTINGUISHED YOUNG PHARMACIST **LINCOLN ALEXANDER**

Lincoln is a 2015 OSU College of Pharmacy alumnus and is a staff pharmacist at Safeway in southeast Portland. He has also been selected as the pharmacy intern coordinator for the Oregon division of the company. Lincoln has been prescribing birth control since January 2nd, 2016 and was recognized as the first pharmacist to provide this new service nationwide for Albertson's-Safeway. In his free time, he enjoys traveling, basketball and volunteering at the Oregon Humane Society. **We thank Pharmacists Mutual Companies for their support of this recognition.**

## TECHNICIAN OF THE YEAR **LACEY FRY**

Lacey has worked at Broadway Apothecary in Eugene for the last 12 years. Throughout that time she has exhibited a superior work ethic and dedication to her patients. She has the ability to break through barriers to ensure her patients are taken care of, disarm the strongest of personalities, work with insurance challenges all while making her fellow team members smile. Lacey's coworkers have nothing but positive comments to share about her. Lacey has a firm belief that healthcare exists to improve the lives of the people we serve. **Award sponsored by the Oregon State Pharmacy Association.**

## MERCY CHIPMAN **BOWL OF HYGEIA**

Mercy has been an activist for change both inside and outside of the pharmacy profession her whole life. She has served numerous organizations, including LOVE INC and House of Engedi. Mercy traveled to the Dominican Republic on the first of many international medical mission trips. She now travels once, sometimes twice, a year to service patients and train caregivers across the globe, including Guatemala, Ecuador and India. While in Corvallis, Mercy serves the College of Pharmacy as a volunteer preceptor at various community outreach programs. Throughout these varied activities there is the common thread of commitment to maximizing human potential through love. **We thank American Pharmacists Association Foundation and the National Alliance of State Pharmacy Association, with support from Boehringer-Ingelheim, for their support of this recognition.**

## PHARMACIST OF THE YEAR **NICOLE WINNEN**

Nicole is the owner of Mac's Prescription Shop in McMinnville. She took on the challenge of pharmacy ownership fresh out of pharmacy school, buying out her dad and his partner, and has built a remarkable and thriving business. Nicole is no stranger to awards, winning the OSPA Distinguished Young Pharmacists Award in 2010 and this year winning the McKesson Healthmart Pharmacy of the Year Award. Nicole has excelled through hard work and continually seeking out new business opportunities in her community. She has shown how an independent pharmacist can succeed by incorporating long-term care, MTM, immunizations, med sync and adherence programs. In short, all the pharmacy care that we talk about doing, Nicole is delivering on every day. **Award sponsored by the Oregon State Pharmacy Association.**
